

Wilson Wong

LL.B. (Hons)
Director
Advocate & Solicitor

Direct: +65 6303 6213
Email: wilson.wong@amicalaw.com

Wilson Wong is a Director of Amica Law LLC and has been in practice for more than 30 years.

His practice centres on intellectual property licensing, IT transactions, technology transfer, R&D, biotechnology, franchising, entertainment and other agreements involving intellectual property and technology, as well as data protection, privacy, cybersecurity, payment services, banking & financial systems, and spam control. He also advises on general commercial agreements including manufacturing, technical services and distribution agreements, and hotel & property management agreements.

He represents a broad spectrum of intellectual property, IT, biotechnology and other technology providers and users in a wide variety of transactions.

Wilson graduated from the National University of Singapore in 1988 and was called to the Singapore Bar in 1989.

Experience

The following is a sampling of the transactions he has been involved in and the clients he represents:

- The establishment of the legal infrastructure for the nationwide SGQR Central Repository for e-payments
- The establishment of the legal infrastructure for the nationwide PayNow central addressing scheme for online payments
- The establishment of the legal infrastructure for the nationwide FAST electronic instant funds transfer system for financial institutions and payment service providers
- The establishment of the legal infrastructure for the nationwide electronic cheque clearing system for financial institutions and the accompanying public key infrastructure
- Major financial institutions in their technology outsourcing and Internet banking projects
- Advising designated critical information infrastructure (CII) operator on cybersecurity compliance
- Advising Singapore operator on cross-border online payment linkage project between Singapore & Thailand
- Advising investment company on IP and licensing issues in a major pharmaceutical venture
- Statutory boards & regulatory bodies in IP & technology licensing projects including:
 - the outsourcing of a major regulatory body's entire IT infrastructure and data centre functions to an outsourced services provider
 - drafting and advising on a master IP framework for a national project for a government ministry
 - implementation of a computerised ticketing system for shows and events held at various venues
- Advising companies on their IP restructuring, sale & purchase, licensing, and franchising arrangements
- Advising Singapore & foreign universities, research institutes and corporations on technology and licensing transactions and issues, as well as research, licensing and exploitation projects and collaborations
- Media and entertainment corporations in a variety of transactions including print and on-line publishing contracts; artiste, recording, production and performance contracts; event promotion and ticketing contracts; and venue hiring agreements
